Sapphire Milestone, 6th Anniversary

At the beginning of this year, The Sapphire Group passed a significant milestone of completing six years in business. We are delighted by our company's growth and success.

Two significant factors stand out in measuring our success, the steady increases in our client portfolio and the new and increased scope of many of our client projects. This clearly demonstrates their satisfaction in the results of our work. We thank them for their contribution and trust.

We believe our commitment to sound science, and our abilities to forge new scientific ground, strategic thinking and rapid response provide advancement in the area of health science risk assessment for the chemical and consumer products industries.
